CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D.C. 20505

2 October 1973

Mr. Wilfred H. Rommel
Assistant Director for
Legislative Reference
Office of Management and Budget
Washington, D. C. 20503

Dear Mr. Rommel:

This submits proposed legislation in accordance with Office of Management and Budget Circular No. A-19, revised. Enclosed are six copies of a draft bill, "To amend the Central Intelligence Agency Retirement Act of 1964 for Certain Employees, as amended, and for other purposes." Also enclosed are copies of a sectional analysis, a comparison with existing law, and a draft of the letter of transmittal to the President of the Senate and the Speaker of the House of Representatives.

Title I of the draft bill concerns the financing of the CIA retirement system. The provisions in Title I are based upon those approved for the Foreign Service system in Public Law 91-201, as adopted from applicable law for the Civil Service system, Public Law 91-93. They also conform to revisions proposed for the Foreign Service system and transmitted to the 93rd Congress.

Title II of the draft bill conforms the CIA retirement system to changes concerning survivor annuities and retirement credit for periods of separation for work injuries approved by the 91st and 92nd Congresses for the Civil Service retirement system.

The Central Intelligence Agency Proposed Legislative Program for the First Session of the 93rd Congress, which was transmitted to OMB by letter dated 17 October 1972, covers the proposed legislation as follows: item 93-2 for Title I and item 93-1 for Title II. In addition, with one minor exception, all of the provisions in Title II previously were submitted to OMB for clearance by letter dated 29 April 1971.

Approved For Release 2005/11/21 : CIA-RDP75B00380R000400110028-0

Cost estimates for the financing proposals in Title I of the draft bill are set forth in the enclosed classified annex as obligations to be met by the Secretary of the Treasury. The proposals in Title II would not require any new budgetary authority as all payments would be made out of the CIA Retirement Fund and they would have only a negligible impact upon normal costs.

Advice is requested as to whether there is any objection to the submission of the proposed legislation to the Congress from the standpoint of the Administration's program.

Acting Legislative Counsel
